Step 1: Select a Package
Review package options and select your client's preferred package

Step 2: Choose a Date
Use the calendar to select your client's preferred wedding date. Once a date has been selected by clicking on it, a list of available timeslots will appear at the bottom of the page for each venue. You

may view more timeslots by selecting "See More Timeslots". Click on your preferred time to choose one.

Step 3: Create Customer

Enter all fields with client information. If you do not have a piece of information, enter "-" in the field to bypass it. Create a username and password for the client to use to view their booking online.

Step 4: Confirm Booking

Agent Pre-Pay Affiliates

Pay applicable deposit with your company's credit card to solidify the booking. This will confirm the wedding and hold the client's chapel, date and time.

Agent Invoice Affiliates

Click "Confirm Ceremony" to solidify the booking. This will confirm the wedding and hold the client's chapel, date, and time.

Client Pre-Pay Affiliates

Pay applicable deposit with client's credit card to solidify the booking. This will confirm the wedding and hold the client's chapel, date and time.

Step 5: Customize

Once the booking has been confirmed, your client will be assigned a Personal Wedding Planner from the Chapel of the Flowers team to assist them personally with their booking. You may also assist your client with ordering additional products and services from the Chapel.

Summary

View your client's wedding summary. Enter selections for included products, such as flower colors.

Edit Customer

If you did not have the client's contact details at the time of booking, you may update them here as you receive them. Please keep client's contact information up to date.

Add Product

Assist client in ordering additional products and services by adding additional products to their package. Select an Extras category, then sub-category. Choose "select & customize" to add the item to their wedding plan.

Hotel Info

Enter expected guest count. Enter which hotel the couple will be staying at. This information will be used for contact during their time in Las Vegas as well as transfers, if applicable. Room numbers will not be assigned until the client arrives in Las Vegas and checks into the hotel. If you have this information at that time, please enter it here.
